Professional Chair, 1999 – 2000

EXPERIENCE

CRB Geological & Environmental Services, Inc., Coral Gables, Florida

Project Manager, January 2005 – Present

Worked in a team environment to market CRB's environmental services and managed client relationships. Clearly communicated with users, property owners, and regulatory agency personnel and efficiently reviewed regulatory files and historical sources to conduct environmental site assessments to facilitate property transactions, development, and lending activities at over 200 properties. Effectively conducted more than 35 site assessments and over 20 active remediation projects, including using innovative technologies, in multiple states to achieve regulatory closure on more than 15 properties. Managed, conducted, and supervised hundreds asbestos projects including asbestos surveys, abatement projects, air clearance sampling and analysis, and management plans. These projects required coordinating with and overseeing of field personnel and subcontractors; managing a team of asbestos abatement contractors and workers, environmental scientists, geologists, hydrologists, and engineers; interfacing with regulatory agencies; and preparing reports of asbestos surveys, asbestos abatements, environmental assessment activities, and recommendations.

Environment Matters, Inc., Tampa, Florida

Offshore Aquaculture Legislative Assistant, May 2004 – December 2004

Interacted with state agencies and non-governmental agencies to establish comprehensive offshore aquaculture regulations and prepared offshore aquaculture educational materials to educate stakeholders, regulators and the general public.

Dual Porpoise Dive Charters, Key Largo, Florida

2000 – 2004

Safely and in conformance with the regulations operated an UPV in coastal waters for dive charters; provided exceptional customer service to customers; maintained a 25' vessel; acted as crew on a dive vessel; taught scuba classes; safely oversaw and conducted excursion dives for all levels of divers.

MAST Academy, Virginia Key, Florida

Teachers' Assistant, 2003 – 2004

Assisted the Math and Science Department teachers in grading papers, preparing and assisting with laboratory experiments, and tutoring students. Taught basic and intermediate chemistry classes during the long-term absence of the teacher so that students would acquire the necessary material to succeed in the class upon the instructor's return.

PROFESSIONAL CERTIFICATIONS

ASTM E50 Committee Member

Air Sampling & Analysis, NIOSH 582 Equivalent Certified

Asbestos Building Inspector, Accreditation under AHERA

Asbestos Contractor-Supervisor

Private Pilot
